

Card Printing Service Bureau

HIGH QUALITY PRINTED CARDS

- Do you have a one-time event that requires a large data import with printing?
- Are you experiencing centralized printing delays, or your printer is being serviced?
- At this time, are you not able to invest in a hard card printer?
- Do you need to print labels for all of your assets?
- Do you have an expired or an outdated badge that requires reprinting?

If you answered "yes" to any of the questions above, contact us today at orders@salamanderlive.com or 877-430-5171 to learn how Salamander's card printing services can help.

We understand that having high quality printed cards to account for your people and equipment is important yet investing in a printer can be expensive. With Salamander, you will have our commitment to help you save time and money by assisting in the creation and printing of your cards so you can get off the ground quickly and start focusing on what matters most - *ACCOUNTABILITY*. Whether you are an organization just starting out, need cards for an event, or need a one-time print, we can assist with your turnkey design and printing process.

Hard Card

People & Equipment Card Options:

Hard Cards (PVC)

Our most popular card option is the PVC hard card. It provides you with a professional, photo ID credential for your organization. Our standard, non-RFID card comes in white (with or without a hole punch) and can be printed on both sides.

(Ask about our other PVC hard card color options)

3-Up Breakaway Cards

This hard card option breaks into three “key fob” size cards. They are great for tagging both people and / or equipment when you want to be able to attach the card to multiple items. For example, a person can keep one on themselves, in their vehicle, and also place one on the board during an event.
