

TAG

- Produce ID badges for staff, students, and even equipment
- Store basic student information in the encrypted TAG, and sensitive information in the cloud database, accessible only to those with permission
- Add linear bar code (student ID) to tag for day-to-day use
- Produce temporary badges
- TAG inventory and equipment for issuance

TRACK

- Staff and emergency responders TRACK students and faculty in real-time during a crisis
- TRACK daily school activities, such as emergency drills, field trips, extracurricular activities, dances, and bus attendance
- Know who has been issued equipment and manage inventory alerts and reports

REPORT

- Pull accurate information to improve communication and decision making during events
- Daily use reports for attendance, meals, after school activities, and more
- Analyze drill activity / times to improve practices

USE THE SYSTEM TRUSTED BY FIRST RESPONDERS

All education credential information can be shared with local first responders creating a common operating picture during incidents. This allows first responders to quickly work with school Administration and begin accounting for students and staff. Increased visibility helps with decision making, reunification efforts, as well as conflict resolution.

SCAN ME

IN CASE OF EMERGENCY

During an emergency, account for students and staff by scanning their ID badges. Information is shared with local first responders, who can take immediate action. First responders can also account for students and staff using their own Salamander tracking solutions. The scan shows when, where, and by whom.

DRILLS

A simple scan occurs when students and staff arrive to the safe zone. The scan shows when, where, and by whom.

SCHOOL ACCOUNTABILITY

A simple scan occurs when staffing and / or students enter school and when they exit the school.

CLASSROOM ACCOUNTABILITY

A simple scan occurs when students enter and leave classrooms. The scan shows when, where, and by whom.

ON-PREMISES EVENTS / ACTIVITIES

A scan occurs when both staff and students enter the event, confirming their status allowing or denying access.

OFF-PREMISES EVENTS / ATHLETICS / FIELD TRIPS

Scan ID badges at every touchpoint (from leaving school, to boarding the bus, arriving to destination, to back on the bus, and arriving at school). The scan shows when, where, and by whom.

TRANSPORTATION / BUSSING ACCOUNTABILITY

Scan student's ID badges when they board and leave the bus. The scan shows when, where, and by whom.

SalamanderLive is a scalable tool used to credential and account for all resources. Increase situational awareness during events, emergencies, and day to day activities with real-time reporting. Manage student, staff, and equipment profiles, qualifications, and upload documents. All information collected in the field syncs to SalamanderLive to create a common operating picture.

EVENTS PRO

ICS Chart: Create / edit assignments and resources in an ICS chart.

Roster: View all resources affiliated to an event.

GIS MAPPING: View the physical location of assignments and resources.

Resource Timer: Set specific individual timers and warnings for personnel.

TAG APP

Allow staff and students to check-in and check-out of events from their personal phone. View real-time whereabouts on GIS maps.

TRACK APP

Scan ID badges to account for students and staff during emergencies, events, and day-to-day.

ASSET MANAGEMENT

Manage all consumable and non-consumable assets and monitor their whereabouts.

INVENTORY APP

TRACK equipment issued to students and staff.
