

TAG

- Create interoperable IDs to TRACK all medical personnel, volunteers, patients, evacuees, equipment, and PPE
- Manage personnel qualifications, rostering, and medical data
- Create event specific ID's or credential resources for everyday use
- Supports NIMS federal standards

TRACK

- TRACK and timestamp all resource activity in real-time
- Utilize tablets and smartphones for mobile tracking
- Manage accountability in comms-in and comms-out environments
- Confirm that scanned credentials are valid and up to date

REPORT

- Provide comprehensive event logs with real-time activity and detailed reporting for debriefing
- Run real-time accurate and detailed reports on assets to get a complete picture of where they are, status, etc.
- Have situational awareness with off-scene activity

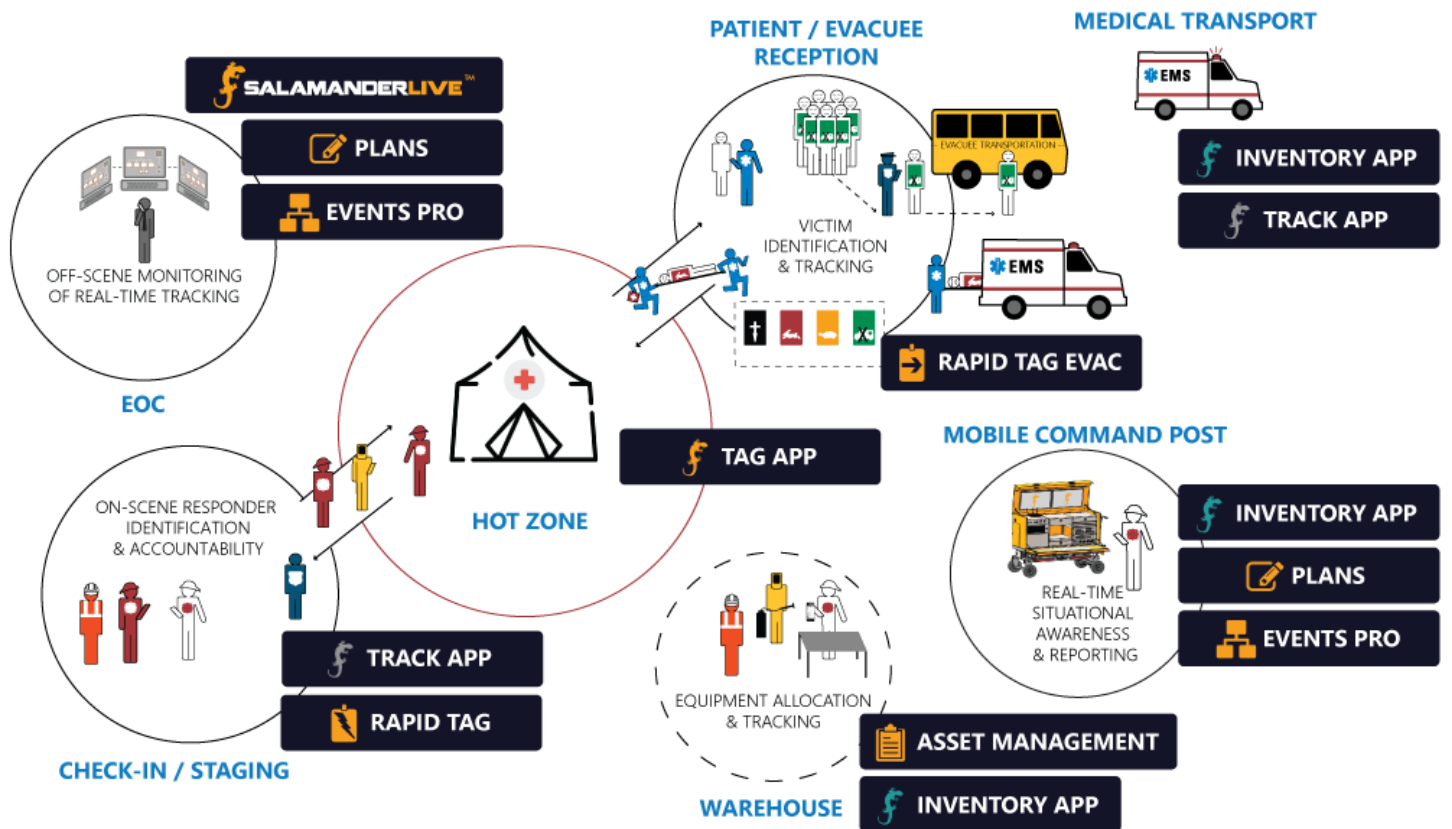

EXAMPLES OF EXISTING WORKFLOWS

- Personnel accountability and time tracking at PODS
- TRACK attendance at health clinics and screenings
- TAG and TRACK all medical care providers, volunteers, patients, evacuees, and equipment during an event to know who and what is on-scene
- Account for all incoming and outgoing assets for full visibility to who has what and how much stock is on hand, in real-time

SCAN ME

SalamanderLive is a scalable tool used to credential and account for all resources. Increase situational awareness during large-scale events or day to day activities with real-time reporting. Manage personnel and equipment profiles, qualifications, and upload documents. All information collected in the field syncs to SalamanderLive to create a common operating picture.

EVENTS PRO

ICS Chart: Create / edit assignments and resources in an ICS chart.

Roster: View all resources affiliated to an event.

GIS MAPPING: View the physical location of assignments and resources.

Resource Timer: Set specific individual timers and warnings for personnel.

PLANS

Pre-plan assignments and resources. Email credentials to resources. View actual vs planned data within an active event.

TAG APP

Allow personnel to check-in and check-out of events from their personal phone. View real-time whereabouts on GIS maps.

TRACK APP

TRACK resource assignment and location by scanning tags or downloading resources, view a common operating picture, and validate credentials.

INVENTORY APP

TRACK inventory issuance, returns, and auditing, while ensuring inspections, maintenance, expirations, etc. are never missed.

ASSET MANAGEMENT

Manage all consumable and non-consumable assets and monitor their whereabouts.

RAPID TAG

Rapidly create event specific ID badges to TRACK all volunteers / mutual aid and download activity reports.

RAPID TAG EVAC

Quickly create evacuee IDs to instantly TRACK location, destination, special needs, and family connections.
